# GENERAL SALES CONDITIONS 2021

## I. APPLICATION OF THE GENERAL CONDITIONS OF SALE

a) a) All our sales are subject to these terms and conditions. Placing an order implies the buyer's unreserved acceptance of these general terms and conditions of sale. No clause to the contrary can be opposed to us. The information contained in the catalogues is only indicative; any verbal order is also subject to these conditions.

b) b) Our Ecotaxe Schedule (WEEE) will be available upon request.

## c) II. PRIX

d) The prices of the goods sold are those in force on the day of placing the order. They are denominated in euros and calculated without taxes. Therefore, they will be increased by the VAT rate and the transport charges applicable on the day of the order.

e) SoTech International grants the right to change its rates at any time

a) a) Delivery times are given only as a guide and any delays allow the buyer to cancel the sale only after formal notice by registered letter with acknowledgement of receipt and remained unsuccessful after 8 days.

b) The obligations subscribed by our company will be suspended as of right and without formality, and our responsibility relieved in the event of occurrence of events such as : 1. Conditions of payment were not observed 2. Force majeure or event to delay or suspend the delivery of the goods.

## IV. DELIVERY

a) Delivery dates are provided for information purposes only. A delay in delivery shall not constitute a termination clause of this order, nor shall it give rise to any right to damages.

b) All our goods are sold deemed taken in our warehouses. They travel at the buyer's own risk, regardless of the mode of transport or the terms of payment, the free transport price, or port due. It is recommended not to accept a package, without reservation with the carrier, until the contents have been verified. In case of dispute, the buyer must mention the damage on the transport receipt and confirm his reservations within 48 hours by registered letter addressed to the carrier. It is up to the buyer, in case of damage or loss, to make all reservations, and to exercise any recourse with the carriers, who are solely responsible.

c) The deliveries are Franco de port, within a radius of 400 km departure our warehouses, for any order equal to or greater than 2000 euro net H.T. and, Franco de port, beyond 400 km for 2500 euro net H.T. (only in metropolitan France - excluding Corsica).

## V. RETURN, GUARANTEE

a) We do not accept any return of goods without prior written and discretionary agreement of the competent department. Returns cannot in any way delay the payment of our invoices on the agreed due date, nor can they be deducted from current invoices.

b) The invoice number of the returned items must be communicated to us. The items and their original packaging must be in perfect condition and will travel in paid port, accompanied by the return agreement number (provided by us). The articles, still «under warranty », will then be the subject : either of a standard exchange, or of a merchandise asset, or of a repair of the goods, at the discretion of the technical service.

c) Under no circumstances may our company be held liable for any bodily or material damage of any kind, which could be the direct or indirect consequence of improper adaptation of the product or its faulty use.

d) The legal warranty is two years. Excluded from the benefit of the guarantee are damages caused by fault, negligence, lack of maintenance of the user and devices which have undergone an intervention foreign to that of our S.A.V.

e) Complaints concerning the quality of the goods, excluding any transport disputes, must be made in writing within 8 days from delivery.

f) The spare parts of the marketed equipment will be available for 2 years from the date of purchase by the consumer.

## VI. RESERVE OF PROPERTY

a) The equipment sold remains our property until full and final settlement. This clause is a determining clause of these conditions of sale. (Law 80.335 of May 12, 1980).

b) Down payments may be retained to cover any losses on resale. Our right to claim covers both goods and their prices if they have been resold or used.

c) Customers who do not agree to sign this clause must indicate this on receipt of the present general terms and conditions of sale and can only be delivered on delivery against refund.

## VII. METHOD OF PAYMENT

a) The opening of an account can only be done on the production of a K BIS of less than three months and a bank identity statement.

b) The payment conditions are : 60 days net, invoice date, after acceptance of our financial service, or 1.5% discount for cash payment ; By Transfer or approved check.

c) Any other agreement must be countersigned by management on the purchase order. In the case of cash payment, the discount will be deductible from the amount Excluding Taxes of the invoice.

d) The non-return of the accepted items, within 8 days following the date of invoicing, renders the receivable immediately payable under Article 124 of the Commercial Code. In addition, any unpaid items or cheque will give rise to a flat-rate billing supplement of 38.00 € HT.

## VIII. LATE PAYMENT

e) *Any invoice must be paid on the date indicated. Its subsequent settlement will result in the payment of a penalty equal to 3 times the legal interest rate. The legal interest rate shall be that in force on the day of delivery of the goods.*

f) *This penalty is calculated on the amount TTC of the amount remaining due, and runs from the date of maturity of the price without any prior notice being necessary. In addition to the late payment indemnities, any sum, including the deposit, not paid on its due date shall automatically produce the payment of a flat-rate indemnity of 40 euros due in respect of recovery costs. (Articles 441-6, 1 subparagraphs 12 and D. 441-5 of the French Commercial Code.). The legal interest rate will be revised every 6 months (Drder no. 2014-947 of 20 August 2014).*

g) When the buyer's credit deteriorates, SoTech International reserves the right, even after partial execution of an order, to require from the buyer the guarantees that the company deems appropriate for the proper execution of the commitments made. The refusal to comply gives us the right to cancel all or part of the contract.

h) Non-payment of a single invoice on its due date shall render due as of right the balance due on all other invoices.

## IX. ELECTION OF DOMICILE AND JURISDICTION

a) The Commercial Court of Paris shall have sole jurisdiction in the event of any dispute of any kind or dispute relating to the formation or execution of the order. This clause will apply even in the event of an application for interim measures, an incidental application and a plurality of defendants, and regardless of the method and terms of payment.
