## CLEANING AND MAINTENANCE

Before cleaning, always switch off the appliance, disconnect the apparatus and let it cool.

Clean the outside of the apparatus with a sponge or slightly wet linen.

Never plunge the apparatus in water or all other liquid!

Do not use abrasive cleaners, gritting, or metal brush or another cutting object.

## CHANGING THE DUST BAG

1. Unplug the unit from the mains.
2. Open the top of the device by pressing the open button (13).
3. Remove the dust bag and dispose of it in a container provided for this purpose.
4. Insert a new bag into the vacuum cleaner.

*Note: check the correct positioning of the new bag before closing the lid.*

5. Close the lid gently but firmly until it clicks.

## CLEANING FILTERS

When the filters are visibly covered with dust or the suction decreases considerably, the filters must be cleaned.

This is to improve the efficiency and prolong the life of the vacuum cleaner.

*Note: Never use the vacuum without the filters.*

Open the vacuum cleaner cover and take out the motor filter.

Open the air outlet grid and remove the filters.

Clean the filters carefully by tapping them lightly.

A conventional filter can be washed with water & neutral detergent, rinsed and dried.

A paper filter cannot be washed but only dusted.

*Notes: the quality of the filters depends on the chosen vacuum cleaner model !*

*Always replace the filters before the next use of the vacuum cleaner.*

## STORAGE

-Ensure the unit is completely cool and dry.

-Do not wrap the cord around the appliance, as this will cause damage.

-Keep the appliance in a cool, dry place and out of reach from children.

## GUARANTEE

Before being delivered, all our products are subjected to a rigorous control.

This apparatus is guaranteed 24 months starting from the date of purchase by the consumer.

The documents in proof of guarantee are:

- The invoice and
- The filled and stamped warrantee plate (located on side or bottom of the gift box). Without these documents in proof, no free replacement, nor no free repair, can be carried out.

During the warranty period, we deal for free, the defects of the apparatus or the accessories, rising from a defect of materials or manufacture by repair or, replacement. The services within the framework of the guarantee do not involve any extension of the warranty period and does not give right to a new guarantee! In the event of recourse to the guarantee, bring back the complete apparatus to your retailer, in its original packing, accompanied by the proofs of purchase. The breakage of parts out of glass or plastic is, in all the cases, not warranted. Defects on the accessories or the wearing parts (for example: coals of engines, hooks, drive belts, remote control of replacement, teeth brushes of replacement, webs etc) as well as cleaning, maintenance or it replacement of wearing parts are not guaranteed and are thus to pay! In the event of foreign intervention, the guarantee becomes null and void. After flow of the warranty period, repairs can be carried out, against payment, by a specialized trade or a repair service.

### **SPECIFICATIONS**

Power supply	220-240V~ 50/60Hz
Power	800W
Norm	Class II
Noise	< 70 dB
	Made in PRC

*The characteristics can change without prior notice.*

CAUTION: In order to minimize the risks of electric shock, In the event of breakdown, not to open the case but to call upon a qualified technician for repairs.

This device complies with EC directives, it was controlled according to all current European directives, applicable such as: electromagnetic compatibility (EMC) and low voltage (LVD).

This device has been designed and manufactured in compliance with the latest regulations and technical requirements for safety.
