 9. Clean the device and accessories after each use.
- Tip : Wash removable parts immediately under the tap, because once dry fruit pulp or leftover vegetable can be removed less easily.

CLEANING AND MAINTENANCE

Be careful when handling the cones for cleaning. The stainless steel blade is extremely sharp and can cause severe cuts.

Always switch off the appliance, disconnect the apparatus and let it cool before cleaning.

Clean the outside of the apparatus with a sponge or slightly wet linen.

The parts (removable) in contact with food like cones, holder, bowl, forks, Spatula etc. can be washed in hot water with sponge and soft detergent or put in the dishwasher.

Never plunge the apparatus in water or all other liquid !

Do not use abrasive cleaners, gritting, or metal brush or another cutting object.

STORAGE

-Ensure the unit is completely cool and dry.

-Do not wrap the cord around the appliance, as this will cause damage.

-Keep the appliance in a cool, dry place.

GUARANTEE

Before being delivered, all our products are subjected to a rigorous control.

This apparatus is guaranteed 24 months starting from the date of purchase by the consumer.

The documents in proof of guarantee are :

- The invoice and
- The filled and stamped warrantee plate (located on side or bottom of the gift box).

Without these documents in proof, no free replacement, nor no free repair, can be carried out.

During the warranty period, we deal for free, the defects of the apparatus or the accessories, rising from a defect of materials or manufacture by repair or, replacement. The services within the framework of the guarantee do not involve any extension of the warranty period and does not give right to a new guarantee !

In the event of recourse to the guarantee, bring back the complete apparatus to your retailer, in its original packing, accompanied by the proofs of purchase.

The breakage of parts out of glass or plastic is, in all the cases, not warranted.

Defects on the accessories or the wearing parts (for example: coals of engines, hooks, drive belts, remote control of replacement, teeth brushes of replacement, webs etc) as well as cleaning, maintenance or it replacement of wearing parts are not guaranteed and are thus to pay !

In the event of foreign intervention, the guarantee becomes null and void.

After flow of the warranty period, repairs can be carried out, against payment, by a specialized trade or a repair service.

SPECIFICATIONS

Power supply 220-240V~ 50-60Hz
Power 150W
Norm Class II

Made in PRC

The characteristics can change without prior notice.

CAUTION: In order to minimize the risks of electric shock, In the event of breakdown, not to open the case but to call upon a qualified technician for repairs.

This apparatus satisfied EC directives, it was controlled according to all the European current directives, like: electromagnetic compatibility (EMC) and low tension (LVD).

This apparatus was designed and manufactured in respect of the last safety regulations and technical specifications.
