- Ensure the unit is completely cool and dry.
- Do not wrap the cord around the appliance, as this will cause damage.
- Keep the appliance in a cool, dry place and out of reach from children.

GUARANTEE

Before being delivered, all our products are subjected to a rigorous control. This apparatus is guaranteed 24 months starting from the date of purchase by consumer.

The documents in proof of guarantee are :

- The invoice and
- The filled and stamped warrantee plate (located on side or bottom of the gift box). Without these documents in proof, no free replacement, nor no free repair, can be carried out.

During the warranty period, we deal for free, the defects of the apparatus or the accessories, rising from a defect of materials or manufacture by repair or, replacement. The services within the framework of the guarantee do not involve any extension of the warranty period and does not give right to a new guarantee ! In the event of recourse to the guarantee, bring back the complete apparatus to your retailer, in its original packing, accompanied by the proofs of purchase.

The breakage of parts out of glass or plastic is, in all the cases, not warranted. Defects on the accessories or the wearing parts (for example: coals of engines, hooks, drive belts, remote control of replacement, teeth brushes of replacement, webs etc) as well as cleaning, maintenance or it replacement of wearing parts are not guaranteed and are thus to pay !

In the event of foreign intervention, the guarantee becomes null and void.

After flow of the warranty period, repairs can be carried out, against payment, by a specialized trade or a repair service.

SPECIFICATIONS

Power supply	220-240V~ 50Hz
Power	35W
Norm	Class I
Maximum fan flow rate	44.95 m ³ /min
Fan power input	28.98 W
Service value	1.55 (m ³ /min)/W
Standby power consumption	0
Season electricity consumption	9.27 kWh/a
Fan sound power level	57.8 dB(A)
Maximum air velocity	3.03 meters/sec

The characteristics can change without prior notice

This unit is equipped with an electrical outlet with earth and must be earthed in an according plug.

Note : In the event of question concerning the earth or electric connection, please consult a qualified personnel.

In the event of short-circuit, earthing reduces the risk of electric shock while making possible the current to be evacuated by the wire of ground.

CAUTION: In order to minimize the risks of electric shock, In the event of breakdown, not to open the case but to call upon a qualified technician for repairs.

This device complies with EC directives, it was controlled according to all current European directives, applicable such as: electromagnetic compatibility (EMC) and low voltage (LVD).

This device has been designed and manufactured in compliance with the latest regulations and technical requirements for safety.
